[09:39] <griffinbox> when is the stream?

[09:39] <griffinbox>

[09:39] <griffinbox>

[12:03] <goldencolts> cheer100

[12:03] <goldencolts> cheer100

[12:27] <darksydephil> wassap

[12:27] <waifudestroyermatt> my body is ready philip

[12:27] <waifudestroyermatt> for NFS

[12:28] <darksydephil> that starts monday

[12:28] <waifudestroyermatt> yea i know but still hyped

[12:29] <darksydephil> people told me it's awful lol

[12:30] <nich2440> then why are you playing it?

[12:30] <nich2440> why not focus on origins?

[12:30] <theycallmejimbob> hello hello dspHm

[12:30] <minnowpause> what is goin on

[12:31] <minnowpause> DSP is the best rapper

[12:31] <theycallmejimbob> Forza 3 Horizon was hilarious if NFS is half as funny it'll be a good PT

[12:31] <ornightz> still the same song

[12:31] <tigerflamessss> sound good ? PowerUpL DansGame PowerUpR

[12:31] <waifudestroyermatt> doesnt matter if its awful, driving games + phil are the best

[12:32] <ornightz> s , when he said there was a playlist I'd be expecting more than the usual 4 songs reshuffling

[12:32] <theycallmejimbob> he has 17 songs iirc dspHm

[12:32] <ornightz> this played yesterday

[12:32] <thatbritishlad_> Why are people trying to put off Phil playing NFS? Let him play what he wants. It makes sense to play it since its been a year for something racey.

[12:32] <ornightz> and now today

[12:33] <ornightz> this one played friday

[12:33] <nich2440> cant you snuffle playlists?

[12:33] <ornightz> it's the same songs over and over hahaha

[12:34] <scrumbles> everyone dead?

[12:34] <goldencolts> i am dead

[12:34] <scrumbles> nice

[12:34] <theycallmejimbob> dspDeath

[12:34] <darksydephil> Ornightz , exactly how many good remixes do you think exist?

[12:34] <darksydephil> the playlist has 17 of them. there were maybe 25 made total. i picked the best ones

[12:35] <darksydephil> of course they're going to repeat. you may as well state the sky is blue and grass is green

[12:35] <darksydephil> it's not very productive

[12:35] <ornightz> agreed.

[12:35] <waifudestroyermatt> @DarksydePhil alan wake remix

[12:35] <xeranarth> It's still a step up from silence!

[12:35] <waifudestroyermatt> wheres that at

[12:35] <darksydephil> okay then. stop complaining lol

[12:35] <riley_212> The one that played before this one was dope

[12:35] <darksydephil> there is no alan wake remix, what your'e talking about is at the end of the game review and was never separated into its own video. one person remixed it but it wasn't very good

[12:36] <waifudestroyermatt> allan, allaaan wake. He'll beat you with his flashlight and talk about his giant snake

[12:36] <ornightz> before that I'd like to say what other song on the list

[12:36] <rccolaisdabest> Hi there guys /

[12:36] <gautyer> is the pubg stream still happening? didn't follow the events recently

[12:37] <yolodopper> musical masterpiece

[12:37] <theycallmejimbob> hello hello rccolaisdabest o/

[12:37] <goldencolts> no PUBG stream dspPepé

[12:37] <thatbritishlad_> @waifudestroyermatt You're right, my brother made the toby the dog alan wake remix.

[12:37] <ornightz> this one played 4 days straight lol

[12:37] <korewasugoi> oh boy its sonic trashes'

[12:38] <darthradovanviking> does it really?

[12:38] <sonicwe> better than 06 and boom

[12:38] <theycallmejimbob> but it was the ominous PS4 dashboard music for a year least there is some variety now dspHm even if the remixes are not everyone's cup of tea dspHm

[12:38] <darksydegeoff> daddy DSP

[12:38] <pl4guet4stic> I can't wait to cut myself on today's stream

[12:38] <korewasugoi> Sonic team rushed the switch port, thats why i dislike it

[12:38] <waifudestroyermatt> it's quite simple, if you don't like the remixes. Hit mute and you've got legacy pre-stream audio

[12:38] <howlingwolfjoey> Whoo. more Sanix. Xp

[12:38] <goldencolts> self harm is not the answer

[12:39] <pl4guet4stic> @KoreWaSugoi Wait what they did? The port is bad? Ahh shit, and I ordered a copy for it today. Fuck my life I guess.

[12:39] <darksydephil> the port is awful

[12:39] <korewasugoi> its 30fps and some shit on the switch

[12:39] <darksydephil> it doesn't even run at a consistent 30fps on switch lol

[12:39] <korewasugoi> Doom on the other hand is amazing

[12:39] <pl4guet4stic> @KoreWaSugoi Nooooooooooooooooooooo

[12:39] <sonicwe> PowerUpL FrankerZ PowerUpR

[12:39] <ornightz> songs are terrible LUL

[12:39] <darksydephil> um, DOOM is also locked at 30fps on switch. that's horrendous for DOOM

[12:39] <theycallmejimbob> slaps howlingwolfjoey with a large trout SabaPing

[12:40] <waifudestroyermatt> @Ornightz shut your whore mouth

[12:40] <xeranarth> I'm curious if it'll be at least a stable 30FPS. I'm not playing it since I already got it on PC but I'm curious.

[12:40] <korewasugoi> well its my first time playing doom, so i cant really compare. the motion blur does make the 30 smoother

[12:40] <pl4guet4stic> @DarksydePhil any idea if there's gonna be a patch or anything for Forces?

[12:41] <sonicwe> theres a patch for super sonic

[12:41] <korewasugoi> @PL4GUET4STIC prolly not

[12:41] <sonicwe> day 1 patch tho

[12:41] <korewasugoi> anything day 1 can go wrong

[12:41] <pl4guet4stic> @KoreWaSugoi Just wreck my bunghole why won't you, Sega? Well at least I can enjoy this game on the road and look like a total Chris-chan. Great. Can't wait.

[12:42] <korewasugoi> oh yeah EA bought Respawn entertainment. RIP

[12:42] <theycallmejimbob> damn Doom on the switch is gonna be 60 bucks dspHm the base price is 30 bucks on steam and was sold as low as 10 bucks at one point

[13:35] <darksydegeoff> wow these levels seem completely uninspired

[13:35] <urboikong> he'll catch you in a temporal loop, you'll always get your coin back

[13:35] <theycallmejimbob> welp dspDeath

[13:35] <rccolaisdabest> i agree they feel like a dark syde geoff video

[13:35] <convertedclone> they need to actually put the effort and resources into Sonic that nintendo put into Odyssey

[13:35] <urboikong> no need for platforming or timing

[13:36] <urboikong> just tap a in mid air and home in on it

[13:36] <encelor> i thought this game would be 3d and not a 2d style side scroller

[13:36] <darksydegeoff> hahahahaha @rccolaisdabest too bad

[13:36] <ornightz> Shadow w/o vehicles or handguns ?

[13:36] <korewasugoi> Odyssey can run 60fps, this game has no excuses

[13:36] <urboikong> its made by sega

[13:36] <fabulousfabricant> "No need for platforming or timing" which is why when he didn't time the thing the first two times he died.

[13:36] <urboikong> thats the only excuse it needs

[13:36] <korewasugoi> fair point

[13:36] <urboikong> its not really a rebuttal

[13:38] <convertedclone> yep, this upcoming cutscene is the basis for this entire game Jebaited

[13:39] <sonicwe> i expected an unbiased opinion of Nintendo fan

[13:39] <nich2440> does this not even have fucking cutscenes?

[13:39] <urboikong> ugly game, balloon ass animal 3d graphics, repetitive bland music, gameplay that still occurs on two axis despite a third dimension

[13:39] <korewasugoi> lazy game

[13:39] <psvfan94> This game seems a bit tedious

[13:39] <korewasugoi> Sonic should just stay 2d, 3d is making thing worse

[13:39] <xeranarth> Kinda neat hearing this song again.

[13:39] <urboikong> after the great game that was mania

[13:39] <howlingwolfjoey> Wait...Is this White Jungle!? owo

[13:41] <bionich00t> yes
[13:41] <encelor> pepe le pew
[13:41] <urboikong> apparently
[13:41] <i_came_here_to_something> @KoreWaSugoi Heroes was good. Adventure 1 and 2 were as well. Lost World had potential, same w/ Unleashed. But the others are mediocre at best besides Generations and Colors.
[13:42] <admiralprawn> He's going full Illidan mode.
[13:42] <convertedclone> c r i n g e good job sega
[13:42] <waelthepro115> um... Hey phil would you recommend this game so far?!

[13:42] <korewasugoi> Sonic mania is related to this game tho

[13:42] <waelthepro115> Hey phil would you recommend this game so far?!..

[13:43] <korewasugoi> WE WUZ WEAK N SHIET

[13:43] <waelthepro115> Hey phil would you recommend this game so far?!.

[13:43] <i_came_here_to_something> @KoreWaSugoi It's mediocre at most. Sonic Boom is trash-tier, this is at least playable and competent. Problem is there isn't enough inventiveness w/ the level design.

[13:43] <howlingwolfjoey> cheer10 Actually phil, more of his backstory is fully explained in the comics

[13:43] <thatbritishlad_> @waelthepro115 Try to out a @ and his name then your message, he will notice it more.

[13:43] <connorxcrash> @DarksydePhil I just got here! Sup Phil!!

[13:43] <special123snowflake> wael he dont see if u dont donate bits

[13:43] <fabulousfabricant> @I_Came_Here_To_Something Way to generalize. Mario has better games than Sonic, that's just an undeniable fact, but the best Mario game was back on the SNES and his recent stuff hasn't been amazing. Still better than literally any Sonic game ever made

[13:43] <encelor> wow is CWC working for sega now?

[13:43] <korewasugoi> @I_Came_Here_To_Something playable? explain the switch port

[13:43] <encelor> this was just horseshit

[13:43] <urboikong> they need to add 2d side scrolling to even make it playable

[13:43] <urboikong> if you removed 2d side scrolling

[13:44] <urboikong> 30% of the game would be left

[13:44] <thatbritishlad_> Karma xD

[13:44] <korewasugoi> ???

[13:44] <urboikong> thats because the physics are 3d physics

[13:45] <madibased> @thesupervillain543 im low plat lmao
[13:45] <urboikong> is that the awful fps moba
[13:45] <i_came_here_to_something> @fabulousfabricant It's the truth though. 3D Mario's been better than 3D Sonic more or less. But SMW is overrated imho. I'd put Sonic 3 + Knuckles and Mania over it, easily. Sonic 2 is around SMW's level. I'd put SM3 and Yoshi's Island above Sonic 2, and tied w/ 3 + Knuckles and Mania. SMB1 is archaic and SMB2 (Japan ver.) is just more SMB1.
[13:45] <pedropatricio1991> the levels are so basic in this sonic

[13:46] <urboikong> everything is basic
[13:46] <urboikong> UI, music, graphics
[13:46] <urboikong> soulless
[13:46] <i_came_here_to_something> @KoreWaSugoi I meant the PS4 and XBO versions. Switch one needs work on technical issues, agreed.

[13:46] <admiralprawn> Let's talk about the best Sonic game - Sonic Spinball.
[13:46] <korewasugoi> @I_Came_Here_To_Something the switch version was rushed
[13:46] <gutty333> lol dont take this the wrong way but gameplay like this is why people were shocked @DarksydePhil beat cuphead

[13:48] <pkradiance> I see no difference besides graphics with the Switch version.
[13:48] <i_came_here_to_something> @KoreWaSugoi That is definitely true. The whole game was rushed really, or at least this version of it

[13:48] <stinkinburrows> keep tellin yourself that buddy
[13:49] <fabulousfabricant> @I_Came_Here_To_Something 2D Mario was better than 2D Sonic too. Mario was a genre defining thing in both 2D and 3D while Sonic can barely handle either without rose tinted glasses. The most iconic thing about Sonic is Green Hill Zone which is why it's always being remade so it can pander to that nostalgia that is all Sonic has
[13:49] <theycallmejimbob> slow and steady Phil
[13:49] <urboikong> listen to this awesome generic rock

[14:53] <chairmancaleb> @encelor, It's not though. A perfect example is pokemon cards and the like that little kids buy. You don't know what you get in the product because it's random. Gambling is taking a risk for something or nothing.
[14:53] <temoblanks> I saw in a PBS documentary how they called airstrikes to kill one man in WWII

[15:01] <kinggoken> lol

[15:01] <darthradovanviking> yeah stupid ally

[15:01] <encelor> @ChairmanCaleb problem is just like gambling with digital rng stuff it get rigged hard when you buy pokemon card you get pokemon cards regardle with rng loot boxes the case is you want a character or weapon you end up with a 10H exp boost its way more random than pokemon cards wich in the end you still get pokemon cards

[15:01] <secretbossfight> It's almost like conc grenades were designed to prevent people from hiding in corners like that

[15:01] <encelor> Wall of text WutFace

[15:01] <breaktheglass> standard game prices can only be a certain max price so I guess that is the cause of this loot box system

[15:01] <jefoliveira90> Gotta hit them first too

[15:01] <ornightz> But Phil they Promised Boots OTG gameplay you getting everything worth it's Buck LUL

[15:04] <pl4guet4stic> @tourwithme yeah and bundle it up with some new futuristic shit COD

[15:04] <waifudestroyermatt> would activision want free money hmm

[15:04] <encelor> who would not want free money

[15:04] <encelor> LUL

[15:04] <chairmancaleb> @encelor, You don't need to regurgitate what you said, I got that. But I don't agree. Gambling has always been taking risks for a possibility of nothing for what you invested. That's not the same as "Oh, I hope I get this really cool skin!" The Pokemon cards is a very fair example because it operates in the same way. Companies place random cards in the little packets, and you hope you get that really cool holographic Charizard. "Rigging", as I said, is conjecture. So unless you have proof

[15:04] <waifudestroyermatt> wall WutFace

[15:04] <wouldyoulikesomeballz> ^

[15:04] <jefoliveira90> Nice poem

[15:05] <kinggoken> I'm dying here lmao

[15:05] <chairmancaleb> @encelor, of such a thing with the specific company, it's not a good argument. I can say "Oh, that person is definitely a rapist, but I don't know that?"

[15:05] <waifudestroyermatt> connection is laggy because of that wall WutFace

[15:06] <obl1tv> he teleporting in ghosts was way worse
[15:06] <chairmancaleb> @aes0411, Because you slandered Phil by saying he didn't bother checking for updates when I initially said that in the very beginning...?
[15:06] <goldencolts> cheer100
[15:06] <pray4rock> Sadly bullets don't curve like the movie Wanted
[15:06] <dukesdearfreja> @darksydephil did you enjoy this games campaign

[15:08] <darthradovanviking> godamnit are youou at it again @aes0411 and @ChairmanCaleb ?

[15:08] <madibased> im sorry mods i wanted the opinion of the viewers :/
[15:08] <chairmancaleb> @darthradovanviking, I was just trying to have a disucssion w/ another user, and once again, he had to have an issue w/ that.
[15:08] <junky97> @Lord_Edmund_Blackadder I Mean sure, the last couple of COD's were complete ass but this is by far the best COD that there has been since MW2
[15:09] <theycallmejimbob> dspSurpriseddsp madibased

[15:09] <madibased> I just think its dumb phil puts time and efforts into his pre streams and theres chicks out there getting like 5K viewers for nothing
[15:09] <goldencolts> using the Gewehr 43 in world at war was so enjoyable Kreygasm
[15:09] <chairmancaleb> @encelor, I thought we were having a civil discussion for the most part, I wasn't really arguing w/ you? We were priving two different perspectives with each other. I lied it.
[15:09] <connorxcrash> They call him...
[15:09] <goldencolts> it was like paintballing or something the way you had to tap out shots
[15:09] <breaktheglass> botg did not mean to have players unable to jump to the side or slide. they just gave the players old basic movements
[15:09] <connorxcrash> (wait for it)
[15:10] <connorxcrash> (wait for it!!)
[15:10] <pl4guet4stic> @madibased idk man I betcha Phil would get a shit ton of more viewers if he got his titties out
[15:10] <connorxcrash> (wait...)
[15:10] <encelor> @ChairmanCaleb yeah we had but it felt like a arguement since i never expressed my opinion about the england case
[15:10] <aes0411> @encelor Exactly
[15:10] <encelor> i just tried to explain
[15:10] <madibased> @PL4GUET4STIC dont they ban males for going shirtless or is that a myth
[15:10] <connorxcrash> (wait for it....
[15:10] <encelor> what the england case was

[15:10] <connorxcrash> DSPDiesNaked!!!
[15:11] <chairmancaleb> @encelor, I never asked for your opinion? You were saying it was gambling, and I was proviing examples on how it's not.
[15:11] <junky97> Guy didn't spawn there.....

[15:11] <quantumquinn> stop fighting over Phil we all know I'm his favorite viewer
[15:11] <junky97> Legit saw him running into you
[15:11] <dantemustdiee> HAHAAHAhaha
[15:11] <encelor> @ChairmanCaleb i said england might put ban since it could be considered as gambling and they are reviewing the case
[15:11] <connorxcrash> Sorry! I'm getting carried away by Phil's humor of WW2!
[15:11] <encelor> i never said its gambling and it should go

[15:12] <timboslicegb> your were camping while they move
[15:12] <encelor> i only tried to explain why england might ban lootboxes @ChairmanCaleb sorry if there was a misscommunication
[15:13] <youngkam513> The devs dont care
[15:13] <chairmancaleb> @encelor, "problem is just like gambling with digital rng stuff it get rigged hard" You made a correlation though and decided to rely on conjecture. No one is signing that petition because of potential rigging in the first place, that's not why the government is reviewing it.
[15:13] <trihard4liife> I used to follow sodapoppin.. he has 50k watchers at a complete sell out stream.. what the fuxk
[15:13] <trihard4liife> disgusting

[15:13] <timboslicegb> why do you keep playing
[15:13] <timboslicegb> lets play matio
[15:13] <encelor> @ChairmanCaleb yeah because they might ban it on those points
[15:14] <aes0411> @ChairmanCaleb I won't get into an argument, but I was trying to raise the possibility about patches. If he said that he checked for patches in the morning and nothing was there, then I stand corrected
[15:14] <chairmancaleb> @encelor, I personally don't think it'll go anywhere.
[15:14] <pl4guet4stic> @TriHard4Liife How about Ice Poseidon?
[15:14] <slayer> it's amazing how fast they die from Phil shooting their legs all the time
[15:14] <encelor> @ChairmanCaleb i don't know we'll see in the future :D
[15:15] <tomahawkings> I used to be a nazi. Then i took a bullet to the knee
[15:15] <chairmancaleb> @encelor, *Sigh* if it does, then that's bad. But We won't get into opinions on that, that'll casue a whole other bag of worms :p

[15:57] <musclesforbones> why would a tank need an escort? its a tank
[15:57] <dinq_sas_sirence> Sledgehammer makes only campaign
[15:57] <breaktheglass> if they would skip cod for just one freaking year they could polish and would build up more hype
[15:57] <jefoliveira90> Shhh. Game logic
[15:57] <waifudestroyermatt> @breaktheglass but they'd get less money
[15:57] <jefoliveira90> Tanks need escorts

[15:59] <seth189> LUL
[15:59] <breaktheglass> @WaifuDestroyerMatt they have many teams some could work on a new IP. People are tired of the bugs.
[15:59] <samrlaseter> i didn't see the graphics glitching
[15:59] <lord_edmund_blackadder> Glitched graphics mechanics
[15:59] <jefoliveira90> i din't saw anything
[15:59] <samrlaseter> but I wasn't watching very closely
[15:59] <oooooar> those screams of agony jesus
[15:59] <encelor> he missed a whole clip...
[15:59] <waifudestroyermatt> @breaktheglass they would do it if it wasn't a massive success every year. People would have to stop buying it
[15:59] <samrlaseter> phil has a real eye for detail
[15:59] <thewhitejamal> Is it the graphics or the player that is glitching
[15:59] <muggerson> stopping yearly releases does nothing, IWard spent 3 years on IW and look at it, the extra years of polish don't solve the blind hate people will have
[15:59] <chairmancaleb> @breaktheglass, Activision won't allow that, that's why they hired another team. This way, each team has about two years to make their game, lol. Not that it makes much difference.
[15:59] <encelor> s1lverX1 s1lverX2 s1lverX3 how do you miss 30 bullets...
[15:59] <samrlaseter> @thewhitejamal are you IMPLYING that Phil isn't telling the truth about what's happening in the game?
[16:00] <breaktheglass> @WaifuDestroyerMatt well yeah you have me there
[16:00] <zocdeta> generally people become infinitely less helpful upon death
[16:00] <samrlaseter> they're jerking themselves off
[16:00] <kinggoken> COD needs to do the same thing Ubisoft did with Asscreed
[16:00] <lord_edmund_blackadder> What? Blunderheads? FreakinStinkin
[16:00] <samrlaseter> why did phil just shoot his own tank
[16:00] <haikugay> @ZocDeta my main man jesus didn't
[16:00] <enzadeninosbull> make a we wuz version?
[16:00] <zocdeta> true true
[16:00] <encelor> @SamRLaseter stress testing it for the tank company

[16:01] <divanerasmus> Fuck This Game
[16:01] <divanerasmus> FTG
[16:01] <timboslicegb> each company gets 3 years to make their cod game taking a year off does nothijf
[16:01] <samrlaseter> Heil Phil!

[16:01] <wetw0rk> For the Fatherland!

[16:01] <oooooar> tank is on the mOOve

[16:01] <samrlaseter> or should it be seig phil?

[16:01] <divanerasmus> sumBlind sumPotato sumBlind sumPotato sumBlind sumPotato

[16:01] <thatanonybear> @timboslice gb it'd give that company 6 years LUL

[16:01] <chairmancaleb> @timboslice gb, Yup, it's not like there's any innovation that goes into that time frame either.

[16:01] <enzadeninosbull> the studios are just garbage or careless

[16:01] <kinggoken> They shouldn't release a cod game next year. They should skip 2018. In 2019 release the new COD game. Sales will go through the roof.

[16:01] <samrlaseter> WOW

[16:01] <thewhitejamal> You gotta watch out for those sandbags

[16:02] <breaktheglass> @ChairmanCaleb the problem is the deadline. They just release whatever even if its buggy. I believe this year people could not even play the game for hours

[16:02] <muggerson> @timboslice gb 100% agree, taking a year off does not solve the issue

[16:02] <encelor> sllverBaby

[16:02] <lord_edmund_blackadder> Yay

[16:02] <samrlaseter> Phil! awesome!

[16:02] <wetw0rk> The Fuhrer is pleased with your efforts.

[16:02] <omobzii> Why does my cod look like Xbox 360

[16:02] <dooley258> That was a minute overtime

[16:02] <chairmancaleb> @breaktheglass, Why do you think I don't buy games at launch anymore LUL

[16:02] <pl4guet4stic> off to Auschwitz you go!

[16:02] <encelor> for ze Fuhrer

[16:02] <chairmancaleb> @breaktheglass, I agree though.

[16:02] <enzadeninosbull> the games have about 6 months of life before it gets stale. then they add more maps and its still boring for the last 6

[16:03] <muggerson> @Kinggoken the next 2 CoD games are already in production 3 studios rotate this genre in development for 3 years each, its impossible to take a year off with the franchise and that is NOT the problem

[16:03] <samrlaseter> @ChairmanCaleb yeah, I actually don't even buy any games at all nowadays. Watching all of Phil's playthroughs proves to me how terrible the games are made these days

[16:03] <lord_edmund_blackadder> Rank up! Master Sergeant Super Person To The Max!

[16:03] <encelor> commando perk Kreygasm
